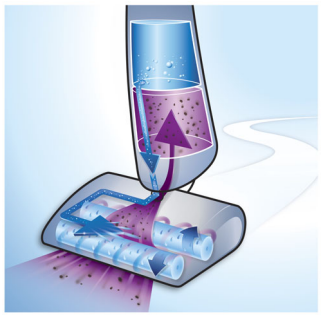
PHILIPS

Highlights

Triple-Acceleration Technology



- Vacuums: powerful Aqua Cyclone pulls and removes all spills, dirt and dust - Mops: counter-rotating microfiber brushes apply a mist of clean water to efficiently lift dirt and grime. All dirt is dissolved in water and captured in a separate tank. - Dries: brush rotation speed creates airflow that leaves the floor virtually dry

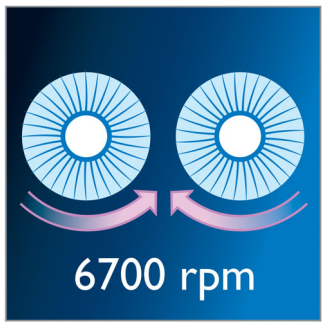
Hygienic cleaning results

AquaTrio Pro removes up to 99% of all bacteria*** and reduces allergens. Because of the separation of a clean and dirty water tank all dust and allergens will be trapped in the dirty water tank.

Tap water

AquaTrio Pro gives excellent results using just cold or warm tap water. If required, you can also add detergent of choice.

Fast rotating brushes



Powerful micro-fiber brushes rotate at 6700 rpm to effectively remove all spills, dust and dirt while adapting to the different shapes of the floor and even cleaning in crevices.

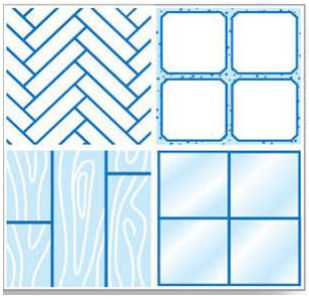
Separate water tanks

Separate clean and dirty water tanks ensure that you always mop with clean water, all dirt and allergens are contained in the dirty water tank.

Floor dries 50% faster

Floor dries up to 50% faster compared to regular mopping.

For all hard floors**



Perfect for all hard floors (suitable for wet mopping): wood, parquet, laminate, vinyl/ linoleum, ceramics/tiles, marble/natural stone.

Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO2 emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas – Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.

Specifications

Filtration
- Filter system: Cyclonic. No filter to clean

Performance
- Input power (IEC): Max 500 W
- Mechanical power: 6700 rpm
- Cleaning Technology: Triple-Acceleration Technology
- Mopping element: 2 microfiber rotating brushes

Usability
- Surface coverage per tank: More than 60m2
- Clean water: Refill indicator: Yes, LED indicator
- Action radius: 8.5 m
- Power supply: Corded
- Start up time: Immediately
- Suitable for wood and parquet
- Detergents that can be used: any detergent or just water
- Change brush while cleaning: Not needed
- Filters to clean: None
- Handle for easy lifting
- Moves forwards or backwards
- Clean water tank capacity (max): 0.65 l
- Dirty tank: Full indicator: Yes, LED indicator
- Dirty water tank capacity (max): 0.8 l
- Cord length: 8 m

Sustainability
- Energy efficient

Weight and dimensions
- Dimensions of product (LxWxH): 305 x 320 x 1150 mm
- Weight of product: 6.7 kg
- Weight with packaging: 10.8 kg
- Dimensions of packaging (LxWxH): 790 x 390 x 395 mm

Nozzles and accessories
- Accessories: Flushing tray
- Nozzle width: 320 mm
